

Tomahawk Technologies Inc. E-COMMERCE

E-commerce has never been easier! With a shopping cart add-on from Tomahawk, your web site can become a revenue generation tool and open up a whole, new world of growth opportunities.

Easily Accept Payments Online

Tomahawk has been building e-commerce solutions for over 6 years. We have developed gateways and solutions for use with: PaymentTech, Moneris, Plug-n-Pay, Jettis, PayPal, PayFlowPro, CyberCash, TouchNet and TD Bank.

- ✓ Over 35 clients currently use our payment technologies
- ✓ Self-hosted SSL (Secure Socket Layer) or third party hosted payment solutions
- ✓ Over \$3 million dollars passed through our payment gateway last year

Secure Hosting and PCI Compliance

Tomahawk is certified by the Payment Card Industry (PCI compliant). Systems are regularly audited by third party organizations to offer true banking industry security.

A Sampling of Our Clients

Our clients come from many different business sectors and geographical locations. Whether manually processing transactions through a point of sale terminal or using a payment gateway implementation, we can offer the most cost-effective solution to extend your business onto the web.

A sampling of clients that accept payments online:
